## STATEMENT OF REASONS FOR ALLOWANCE

### *Notification of Art Unit Change*

Beginning in February 2006, Technology Center 2600, to which Art Unit 2612 belongs, began operating under a new structure in which the original 55 art units were consolidated into 17 art units. The applications and classifications covered by Art Unit 2612 are now the responsibility of Art Unit 2622. This change currently applies to the instant application, and therefore, all future correspondence should be directed to Art Unit 2622. Contact information is provided in the last section of this communication.

### *Response to Amendment*

The After-Final Amendment filed March 17, 2006 has been received and made of record. In response to the Final Office Action dated February 8, 2006, Applicant has amended the Specification, as well as claims 1, 8, and 15. Claims 5, 14, and 20 have been cancelled.

In response to Applicant's amended Specification, the Examiner finds the amendment directly addresses the previously identified spelling error, and therefore, the objection to the Specification is withdrawn.

### *Allowable Subject Matter*

**Claims 1-4, 6-13, and 15-19** are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1, 8, and 15, the prior art is not found to teach or fairly suggest, in combination with the existing elements of the present claim as currently amended, increasing the resolution of an imaging array by correlating pixels of at least one of two or more images by shifting to locate corresponding pixels of the other  
5 images, wherein the correlating includes multiplying values of shifted pixels and the corresponding pixels of the other images to generate a plurality of products, generating a squared sum of the plurality of products, and obtaining the highest squared sum of the plurality of products, and then combining the correlated pixels into a single enhanced image.

10 Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
